## APPLICATIONS

- Additives
- Bitumen
- Boiler water
- Chemicals
- Crude oil
- Diesel
- Ethanol
- Hot oil
- Lubricant
- Motor spirit
- Slurries
- Waste water

## OEM BRANDS

- Ajax
- Allweiler
- Durco
- Ebsray
- Flex-A-Seal
- Flowserve
- Goulds
- Graco
- Hermetic
- KSB
- Mono
- Netzsch
- Ruhrpumpen
- Sandpiper
- Schroeder
- Seepex
- Sihi
- Southern Cross
- Speck
- SPX
- Sulzer
- TKL
- Viking
- Warman
- Wilden
- Worthington

Selecting the right product for each unique application is critical for maximising equipment reliability and system performance, reducing energy consumption and improving the safety and environmental impacts of your operations. As an independent supplier and service provider, IndustriTech is able to focus on accurately identifying the best solution to optimise your plant's performance.

## ROTATING EQUIPMENT

- Industrial Pumps
- Transmissions and Drives
- Compressors
- Fans and Blowers
- Electric Motors and Controls

## SEALING TECHNOLOGY

- Mechanical Seals and Supply Systems
- Bearing Isolators
- Static Seals – Gaskets and PTFE Products
- Gland Packing and O-Rings
- Industrial Coatings

## PROCESS EQUIPMENT

- Engineered Valves
- Piping Products
- Filters
- Heat Exchangers
- Flexible Expansion Joints

## TECHNICAL SERVICES

- Engineering and Design
- Field Service
- Laser Shaft and Pulley Alignments
- Vibration Analysis
- Non-Destructive Testing
- Installation and Commissioning
- Root Cause Analysis
